## IT'S THE CAPTAIN CALLING!

Firstly, allow me to commend Freddy on the wonderful new look he has given our newsletter. This is just one of the many improvements in our moving forward into the future. Another item of particular interest is the USS DaVinci's website. We are looking for someone to give our website a major overhaul. If you believe you can assist in that area, please contact me so we can get this project off the ground. Working together we can make our chapter the best in the fleet!

Secondly, our September night out at Willie T's was a tremendous success. Fifteen DaVinci crew personnel were present for a delectable, mouth-watering selection of burgers, chicken fingers, and other wonderful meals. The evening proceeded in the usual fellowship fashion and after everyone had mostly finished their meal we put the names in a hat and Cami's daughter, Anya, won the free meal. I then dug deep in the hat myself twice more for 2 separate multi-restaurant \$10 dollar gift card giveaways. The first was won by Cami's husband, Robby and to my surprise, one of their other daughters, Inara, won the 2nd gift card but Robby allowed a re-draw and Randy won the 2nd gift card. My sincere appreciation and thanks to everyone that attended. Unfortunately, I forgot my camera again so no pictures, but we all still had lots of fun.

The "DaVinci West" as it was given that title last year will be holding a Halloween spectacular at Randy Dunn's house in Phenix City. We have provided this function as an extension of the activity at Freddy's house for the last few years with great success. If you are one of our crewmembers that live in that area and wish to participate you can contact Randy at (334) 291-0150 for information and directions. If not for any other reason, you can at least stop by and check us out just to see what kind of eerie costume Russell will be wearing this year to scare, I mean entertain, the little kiddies in search of Halloween treats. I hear that this year there may be a fortuneteller on site as well. Hope to see you there. Freddy will have his annual DaVinci East Halloween get together beginning at 6:00 PM. They will have a table set up in his garage and pass out candy and other goodies to the kiddies and cider and cookies to the adults. There will also be a bobbing for apples station, which is always a big hit every year. All are invited to come!

Just a footnote for now because its not until next year but I did want to briefly mention that the first sci-fi oriented weekend convention to come to Columbus in 15 years will be held the weekend of 22-24 June. Imagicon will be held at the Ironworks/Convention Center and the USS DaVinci is sponsoring the Trek Track portion of this event. Programming has been set up and as time gets closer I will be looking for possible volunteers to assist in certain areas. I will also work on getting our crew a discount rate for Con membership. More to come as updated information comes to me. Frequencies closed!

RADM Russell Ruhland

# COMMUNITY SERVICE

As y'all should know by now, the DaVinci, in addition to being a Star Trek and Science Fiction fan club, is also a community service organization. We have several things we participate in but there is always room for more. What the DaVinci needs is a dedicated Community Service Officer (CSO) who will take the lead in researching what else the ship can do for the Columbus-Phenix City-Fort Benning community. Some examples might be charity walk-a-thons and helping out other service organizations that may be in need of help. The possibilities are practically limitless. It would be the responsibility of the CSO to search out these things and get the DaVinci involved. Scheduling more frequent adopt-a-highway cleanups is sorely needed. Monthly articles for the Pilot would be most appreciated and would keep the crew up to date. If you would like to volunteer, please let Russell know. Thanks.

In the mean time, we are still waiting to hear from the Phenix City Fire Department on our final donation of stuffed animals for our Trauma Buddy program. They are to receive the final 140 bears, dogs, and various other animals. Once this is accomplished we will have turned in 860 stuffed animals to organizations from Columbus, GA to Tuscaloosa, AL!

The DaVinci will be participating in Help the Hooch 2011 on Saturday, 15 October 2011 at our usual location along the Riverwalk in the Rigdon Park area of Columbus. If you wish to lend a hand, we will meet at Rigdon Park at 8:30 AM. Following the cleanup we will shuttle over to Golden Park for the Watershed Festival, which runs from 11:00 AM – 2:00 PM. There we will receive our t-shirts and enjoy a lunch of hotdogs, chips, and a pop. The crew has found some interesting items during this yearly cleanup. It's amazing what people throw away (litter) our precious river with each year. Hope to see you there!

## DRAGONCON REPORT

Over the Labor Day weekend the CO and several members of the DaVinci made their annual trek to DragonCon. The admiral's yacht departed Phenix City, AL on Thursday afternoon and arrived on site around 5:00 PM. Registration went extremely smooth and we were in and out within less than 20 minutes. We had dinner at the Sheridan Hotel (I had the world's most expensive hamburger) and retired for the evening at our hotel room.

After an early rising on Friday morning, we proceeded to the con and had the exquisite breakfast buffet offered by the Hyatt Hotel and then it was off for the William Shatner panel. He delivered quite an amusing discussion about Leonard Nimoy's bicycle in their early days on the set of TOS and also gave us some personal insight regarding Leonard's retirement with an emotional comment or two on their friendship of over 50 years. Additionally, Bill told us about

his recent project on "The Captains," which by its title alone tells about some of the things we might not have known about the officers and occupied the center seat in the Star Trek series. The DVD is supposed to be available and released this month. This panel closed with a rousing standing ovation and off we went to get some lunch at the local food court where Diane and I met up with Randy, Sandy, and our old friend and honorary member of the DaVinci crew, Shane Russell. Lisa and Steve were also at DragonCon but we did not run into them all weekend (not surprising given how crowded it was this year). The rest of Friday afternoon was spent touring the dealer's rooms and I took a brief look into the Walk of Fame just to see which stars and actors were present at the time. After a couple of hours we decided to get some supper and call it a night.

Everyone trekked over to the con Saturday morning for the huge DragonCon parade. I certainly believe that this was the largest parade ever and lasted about 2 hours with a lot of new entries and of course the costuming was superb. Saturday afternoon saw us attending both the Voyager cast panel and the panel for TNG guests. It was great to finally see and listen to Robert Duncan McNeil (Tom Paris of VOY) speak and I do have to admit that all the ladies (Kate Mulgrew from VOY and Gates McFadden from TNG) are still as beautiful as ever not to mention their kindness and generosity to the crowds attending the panels in their responses to our questions. We decided to call it a day early so we could get some supper and then back to the hotel room to watch some college football on opening day. Of course, both Alabama and Auburn won their games and I watched the Georgia game, which they, unfortunately, lost.

Some of the DaVinci crew at DragonCon. L-R: Sandy, Shane, Randy, Russell, and Diane.

Sunday morning was packing up, checking out of the hotel, and then back to the con. Diane and I sat in on the panel with Christopher Lloyd (Klingon CPT Kruge of ST III). I never realized the vast number of movies that this actor had done and he has had an amazing career. He did; however, mention that his favorite character portrayal was CPT Kruge. After the panel we decided to go thru the dealer's room one more time and then to the 2011 Miss Star Trek Universe Pageant. This pageant was nothing short of awesome. The contestants were marvelous which this year included the Salt Creature of M113, a Deanna Troi look alike, Lal (Data's daughter), a tribble woman, and an Orion slave girl to name a few. The talent was well done and the winner turned out to be the tribble woman with Lal as 1<sup>st</sup> runner up. I really think that Lal should have won because she did such an exact role-play of the character to include playing the clarinet. Oh well, check out the photos and you can make up your own mind.

The weekend ended for us around 7:30 PM and after stopping in Newnan for supper at the new Shoney's the admiral's yacht docked home at 11:00 PM. If you have never been to a DragonCon, you really should try it. The experience is one you will never forget.

## **NO, I AM NOT GOING TO DRAGONCON PARTY**

While Russell and his cohorts attended DragonCon this year, 12 DaVinci personnel attended a party at Freddy's house aptly called "No, I Am Not Going to DragonCon" Pizza and a Movie Night. The crowd feasted on Papa John's pizza, fresh baked bread with olive oil dipping sauce, tortilla chips with hummus dip, and a homemade lemon chess pie! We sat and watched the new Star Trek movie in Blu-ray. All had a good time! A BIG Bajoran thanks to all who attended

## **HOWDY FROM THE GREAT STATE OF TEXAS!**

Most of you know me. If not, I am Steven Gordon, former crewmember of the DaVinci. As I write this, it is very late in the evening in early September. I am unable to sleep, so I thought I would get on the computer and see what old friends are up to, and lo and behold, to my surprise, I found some old friends who are serving on the DaVinci! That led me to write this special article for the DaVinci Pilot (thanks Freddy!) for publication.

But first, a little bit about what I am up to these days. I am still married to TJ, who I took for my wife almost ten years ago, and we are still going strong. We live in the Medical Center area of San Antonio. TJ works for a travel agency where she performs as a travel consultant with emergency military travel services. I am still employed by Northside ISD as an Educational Assistant (teacher's aide) in the Special Education department at Brandeis High School. I have been there since 2008, our first year (see my staff pic here: [https://nisd.schoolnet.com/outreach/bh/departments/special\\_education/](https://nisd.schoolnet.com/outreach/bh/departments/special_education/)) . I am also the bowling coach (TJ is my assistant, and is the girls' coach). I also am still DJing for a local company, Cutting Edge Entertainment ([http://www.texasdjs.net/Our\\_Entertainers.html](http://www.texasdjs.net/Our_Entertainers.html)). I DJ for wedding receptions, company parties (I am the DJ on call for Six Flags Fiesta Texas) and other events as necessary. TJ and I live with our two cats, Cocoa Kitty and Sweet Pea, both of which were feral cats, and were rescued from a home in the Hill Country where we have a close friend. TJ and I like to travel when we have time (and money) This past spring we visited Vegas (my first time)

and took in a side trip to the Grand Canyon. I will, by the time this appears in the Pilot, have been to New Mexico to see Trinity Site, where the first atomic bomb was exploded. I also like to take day trips to Corpus to fish and visit with the members of the USS Joan of Arc.

My word, it seems like only yesterday that I had joined the USS DaVinci and was serving as her Medical Officer. I was reading the archived articles (thanks Freddy!) and I happened upon the few that I wrote. Good times! Now I am currently on the Victory serving quietly as Fleet Captain Joe Member. And it seems like I was DJing every STARFLEET Regional and IC there for several years. Now, I DJ professionally and do the rare Fleet event. Last Fleet event that I was a DJ was IC 2010 in Oklahoma.

But anyway, that was then and this is now (2011!). Wow, time flies, and I didn't even need a time machine. Yesterday, I was a 27-year-old Trek newbie and today I am married, relocated and 41.1 years old. My, my. I was reading the current issue of the Pilot, when I spotted not one, not two, but three old friends who are on the DaVinci crew roster!

1. JOSHUA! Joshua Ainsworth, my old friend and former CO of the former USS ShadowHawk, a chapter that Josh and I began in Phenix City. This was my chapter prior to moving here to Texas. I lost contact with Josh shortly before my move.
2. CAMI!!!! Cami Houser, formerly of Region 3. I met Cami on my first Region 3 visit. I lost contact with her after she married. I now have re-established contact with Cami (thanks Freddy!).
3. FRAZIER! My VERY dear friend. Ok, so Frazier is not exactly lost, but I do speak to him occasionally. I do keep up with what he is up to via phone calls and contact through Russell.

Folks, I am always interested in what is happening on my former chapter. Although I really don't maintain much contact with anyone other than family: my older brother and his family live right there in Columbus; my cousin, who lives in Richland, just retired after 35 years at AFLAC; and my younger brother, who lives in the Ozark, Alabama area and serves as a prison guard for the state of Alabama. I pretty much maintain life here in San Antonio. I still keep tabs on Columbus and Valley happenings. I frequently read Tim Chitwood's column in the Columbus L-E, which was founded by none other than Mirabeau Lamar, one of the first Governors of the Republic of Texas! So yes, Texas and Columbus have lots of connections!

If any of you are ever in the San Antonio or even remotely in south Texas (Austin, Corpus Christi, Houston...) contact me and we will see if we can get together! I would also like to hear from any of you! My email address (and even that has changed a lot...my articles for the Pilot I remember snail mailing them to Freddy, and using the computers at the Valley/Chambers County Library) is: [stevenpgordon@gmail.com](mailto:stevenpgordon@gmail.com).

Finally, I believe that some thanks are in order. For those of you who know (or not), I joined the DaVinci at a really bad time in my life. I was in a failing marriage; my daughter had been removed from our home by the state of Georgia; and I was employed by a terrible boss (that was the grocery store in Lafayette, NOT Papa John's). Plus, WRLD (yes, what you now call Boomer) had just been purchased by McClure Broadcasting, and the sale and ejection of the WRLD staff left me with severe depression. It literally took Randy, Josh, Frazier, and especially TJ to get my life turned around. Had it not been for the DaVinci and Starfleet, I am not even going to speculate where or what I would be doing this day. I am in a VERY happy marriage to a

wonderful wife (even if I do give her grief sometimes). I work two GREAT jobs (my kiddos at Brandeis are AWESOME!); and the DJ gig keeps me happy, both professionally and financially. Plus, I am FINALLY back in college! I am currently attending Texas A&M San Antonio (YEAH!) working toward my Bachelor's degree in Education (Special Education). Things could not be better, and would not have turned out this way had it not been for the crew of the DaVinci and my good friends who, if they had not come into my life at that time, would have seen me get progressively worse.

To end, I especially thank TJ Arizmendi-Gordon who, for the past nine years has been a loyal, loving, and faithful wife, confidant and friend throughout my life since I met her at that Region Three Summit in Waco, Texas in July 2001. Had TJ not said “Yes” to my asking if I could visit her...had she said “No” to my marriage proposal...I'd be in a whole different way now. I love her now and forever. THANKS TJ!

For you, the current crew of the DaVinci, I make this request: keep reaching for the moon. Even if you miss, you will still land among the stars! Have fun in Fleet! And I sincerely hope to see all of you sometime in the future!

## TABULATIONS

Our goal for 2011 will be 130,000 tabs, the same as last year!

As always, the top tabber gets to pie both the Captain and his Number One! But that is not all! For anyone reaching 5,000 tabs, they will get to pie one member of the Senior Staff in this order, Operations, Science, Engineering!

Jeff is still in the lead with Karen a distant second. Connie finally has made the elite group of 5,000 and moved into third place (much to the chagrin of her loving husband). Okay folks, we are making great progress but only have a few more months to go, so start saving those tabs today and help us meet our goal of 130,000 tabs!

## USS DAVINCI IN PICTURES

The following is a trip down the USS DaVinci memory lane. Each month I will show a series of photographs from our very beginning, as the Shuttle DaVinci, up until the present time. Many of you will remember these faces. To others they will be complete strangers. But, they made what the USS DaVinci is today. Enjoy! Reminisce. If you have any photographs that you would

like to see published in the Pilot, feel free to send them to me with a brief explanation as to who is in the photo and when and where it was taken. If I get a name wrong, please let me know!

# SPECIAL ITEM FOR SALE!!!

What you are looking at is a Lego Star Wars display that was in Toys R Us. The display is 47 inches in length, 16 inches wide, and 18 inches in height! It is quite nice and is currently sitting in my house if you wish to look at it. I am asking \$375 for the display, which is very reasonable since just the ship in the second photo recently went for over \$160.00 on eBay!

All the money from the sale will go into the DaVinci treasury. So, if you are a Star Wars fan or know someone who is, let him or her know about this one of a kind item! In fact, any DaVinci member who recommends a buyer that purchases the display will get 10% of the sale price! Please feel free to give out my email address and telephone number.
